# FIXED LOUVRE PRODUCT & ORDERING GUIDE: METRIC

## TWO GUIDELINES

Orders that are released to TWO are processed in the most timely manner possible. As such, any changes made to an order once it is released to TWO cannot be guaranteed to be applied if the order is already in production. Initial costs, cancellations or any change costs will be the responsibility of the dealer to cover.

All drawings, notes and emails with questions must be answered before an order is entered in to the production line. Delays in the timely processing of these by customers will lead to longer lead times.

All factory/freight repairs are to have photographic/video proof. If neither are available at the time of placing the repair, it will be processed as a dealer responsibility. TWO will credit back the cost of the repair once proof of factory/freight responsibility is given.

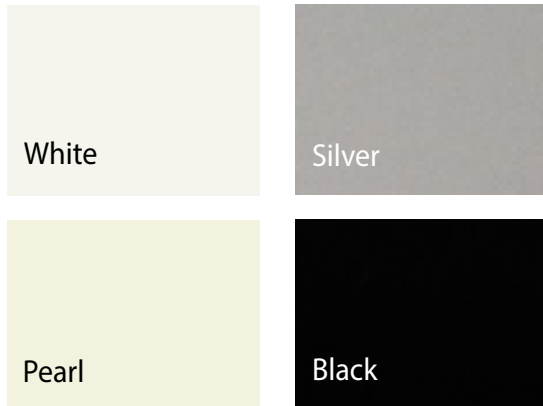

For special request/non-standard/limited availability items please check first with Head Office for availability. Any surcharges for these items will be the responsibility of the dealer to cover, even if it is not listed on the price list.

PDF Estimates generated from the system may not reflect final pricing. If all items are not selected in the order form, or details are added to the notes section that may alter the price.

All dealers are responsible for having the most current price lists and product manuals. If unsure please contact your sales representative to confirm.

## COLOUR OPTIONS

There are four standard powdercoat finishes (40% sheen) available for the Weatherwell Fixed Louvres range.

## CUSTOM COLOUR FINISH

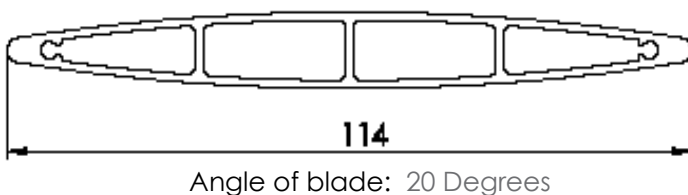

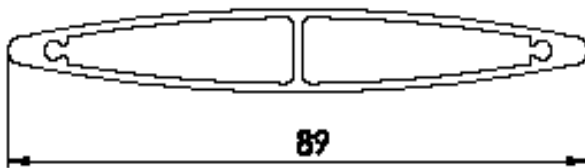

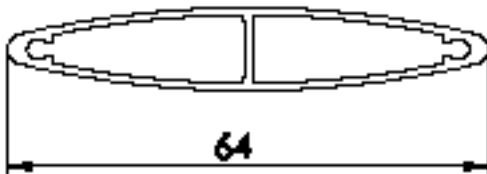

Choose from one of the many colours offered by Dulux. Please be sure to select from the below pictured specifier for accurate colour matching "to deck".

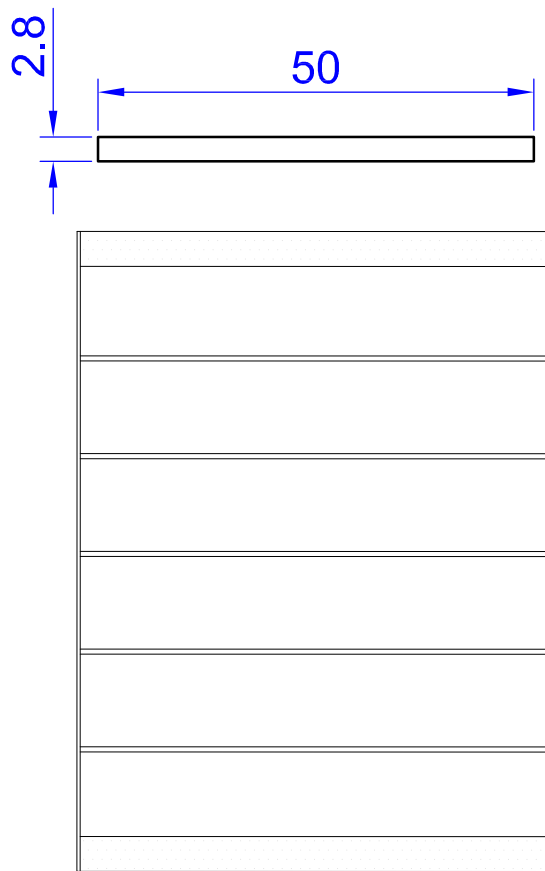

Please Note: Custom colour finishes are applied as a powdercoat. Blade end caps will be colour matched to the custom colour selected.

Powdercoat finishes will be applied with a standard satin finish at 40% sheen. For custom sheen finishes e.g. matte or gloss, surcharges will apply.

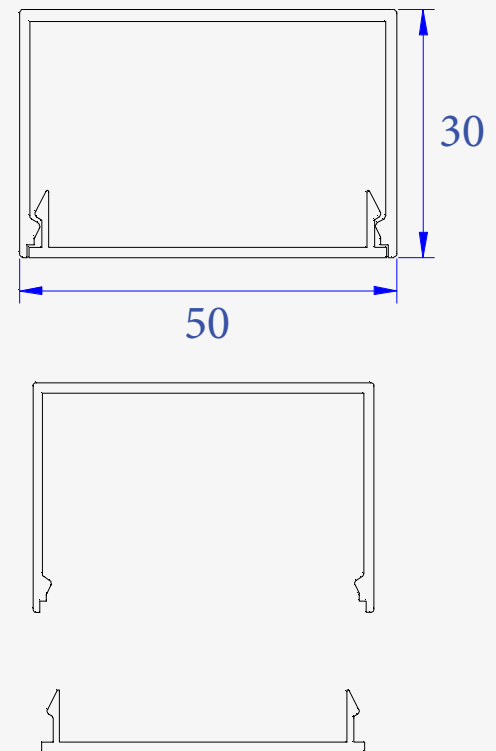

## BLADE

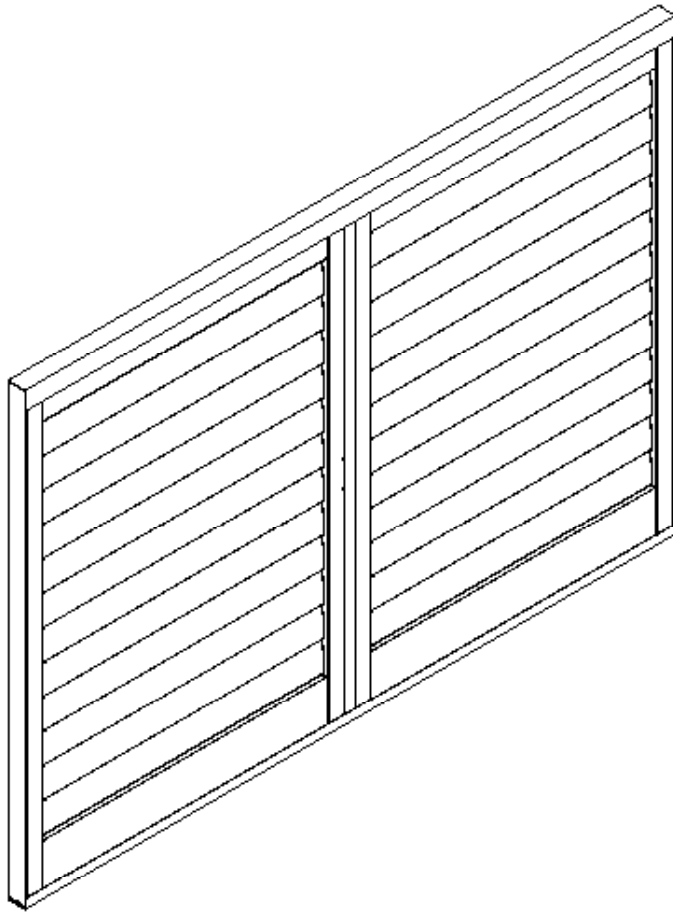

## 2.8 MM STILE

## 30 MM STILE

# INSTALLATION METHOD: FIXED IN CHANNEL

## BEFORE YOU ORDER:

### WARRANTY LIMITS

Installation Method	Min Width	Max Width	Max Width Non-Warranty	Min Height	Max Height	Max Height Non-Warranty
Fixed	200	1500	1600	400	3600	N/A

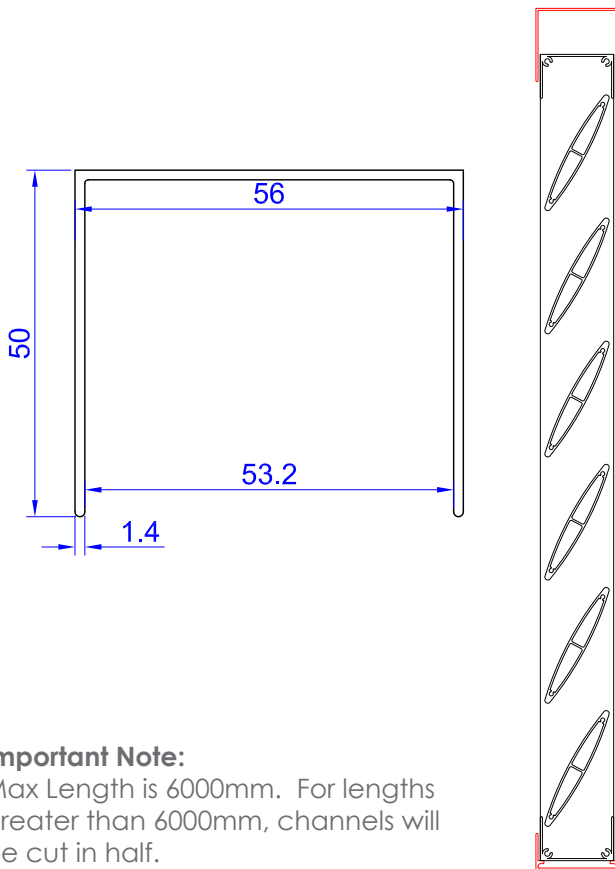

### AVAILABLE MOUNTS

Reveal (In) Mount	Face (Out) Mount
Yes	No

### AVAILABLE STILE SIZES

2.8mm Stile	30mm Stile
No	Yes

## TOP CHANNEL

### Important Note:

The order form is divided in to four columns containing all the information needed to succesfully order panels for any opening.

Column 1: This column is universal across all Installation Methods.

Columns 2 & 3: These two columns are specific to an Installation Method.

Column 4: This column is also universal across all Installation Methods, although there are Special Instructions that are more relevant to different Installation Methods.

Installation Method	Column Number	Page Number
Section 1	1	14
Hinged No Frame	2	15 -16
Fixed	2	17 -18
Multi-Fold	2	19 - 20
Sliding	2	21 - 22

Icon	Function
	1. This icon adds additional line items if available for a field. 2. It also adds new line items to the order form.
	This icon removes added line items if too many are added and not needed.
	This icon copies the majority of the details from the above line item to a new line item.
	This icon allows you to add/edit content in a light box e.g. blade stay.

## COLUMN 1

<b>Product*:</b> Weatherwell Fixed <b>Location:</b> Enter Location <b>Width*:</b> Enter Width <b>Height*:</b> Enter Height <b>Uneven Panel Widths:</b> <input type="radio"/> No <input checked="" type="radio"/> Yes <b>Sub Widths*:</b> Enter Sub-Width 1 Enter Sub-Width 2 Enter Sub-Width 3	<b>Color:</b> - select here - <b>Blade:</b> 89mm Fixed Blade <b>Stiles:</b> - select here - <b>Installation Method:</b> - select here - <b>Installation Type:</b> - select here - <b>Mount:</b> - select here - <b>Panel Configuration:</b> - select here -	<b>Special Instructions:</b> <b>Notes:</b> <b>Needs Drawing*:</b> <input checked="" type="radio"/> No <input type="radio"/> Yes <b>Upload Drawing/Image:</b> Choose File No file chosen <b>Using Made2Fit Service:</b>
--	---	--

Step 1: Location: The Location field is for your line item reference for e.g. Master Bedroom.

Step 2: Width & Height: Enter the openings width and height in millimeters.

Note: You do not need to enter "mm" at the end of your measurements

Step 3: Uneven Panel Widths: If you require the panels in your panel configuration to be at specified widths select "yes".

Step 4: Sub-Widths: If there are multiple sub-widths select the  for additional lines to appear. Select the  to remove extra lines added.
