## CHAIN TYPE

Available in stainless steel, metal and plastic.

CHAINS 11

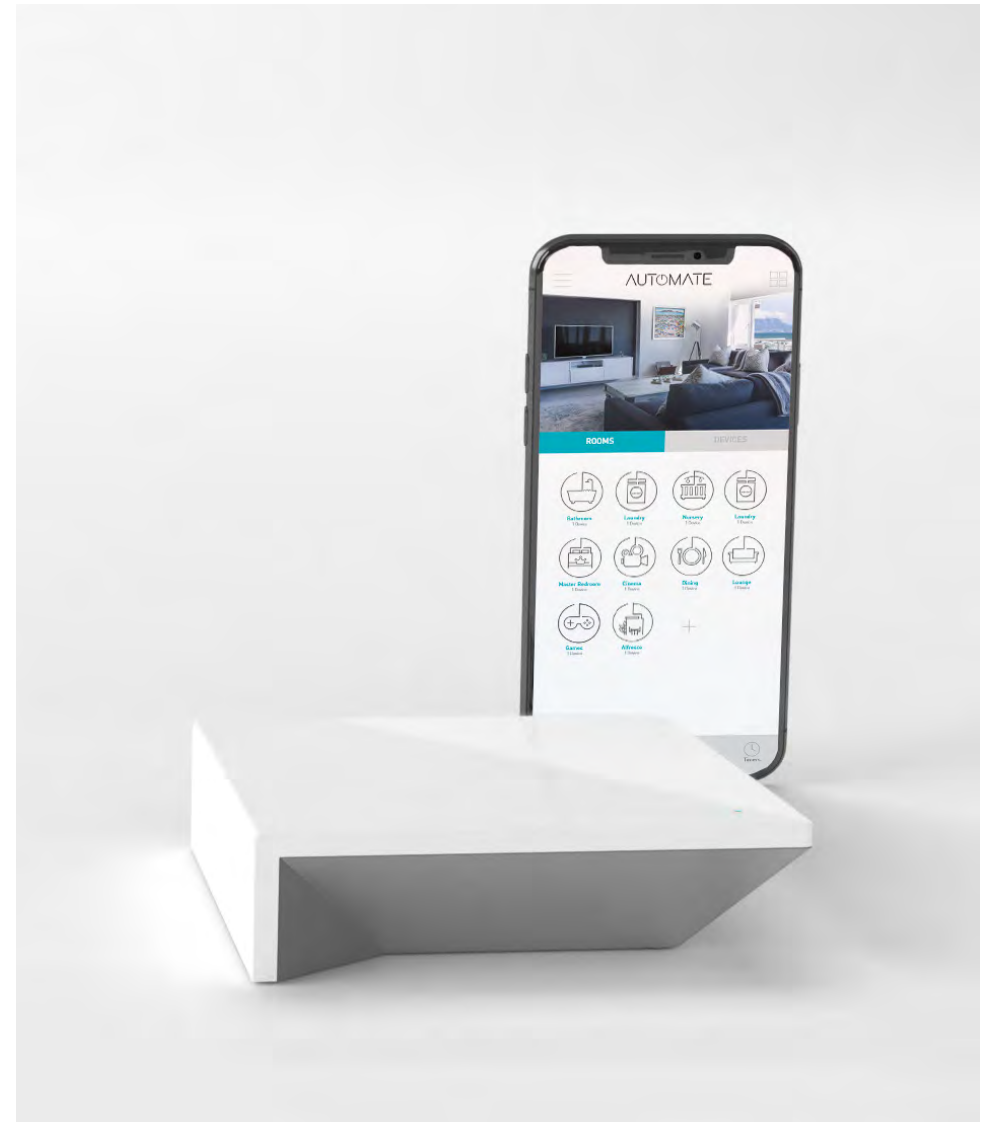

# MOTORISATION

## **HARD-WIRED & BATTERY POWERED**

Choose a single, multi-channel or wall-mounted remote to operate your motorised blinds with ease. Slimline design solar panels optimised to perform in low-light conditions are a convenient option to keep wire-free battery motors continuously charged.

# HOME AUTOMATION

## HUB & SMART DEVICE APP

*Siri...Open my blinds!* Automating your blinds has never been simpler nor more intelligent through an integrated home automation system using a control hub and smart device app.
